Smile Academy Membership Plan

Helping your children grow up with a healthy smile

As a dental practice, one of our main concerns is for the dental welfare of our younger patients and how we can look after them through to adulthood.

Our children's membership plan is a way of enabling the most appropriate treatment for your child through all stages of their development.

Our preventive dental care encourages your child to know how to look after their teeth and gums properly – now and in the future. With our help your children can be happy about visiting the dentist and smile with confidence.

What does membership include?

We have two membership plans for children called 'Smile Academy' and 'Smile Academy Basic.' All include:

Worldwide Dental Emergency Assistance Scheme

* Subject to the receipt of the required monthly payments.
** The Worldwide Dental Emergency Assistance Scheme is a scheme established to offer support and assistance to dental plan patients who request treatment following a dental trauma and/or dental emergency or oral cancer. The Scheme responds to requests for assistance on a wholly discretionary basis. This means that, whilst the Scheme aims to provide benefits in most cases, it has no obligation to provide any benefit unless it first decides (in its sole and absolute discretion) that it should provide a benefit. There are some circumstances in which the Scheme is not designed to help and these are explained in more detail in the Scheme Handbook. Each request will be looked at individually to assess the request for benefit. Certain restrictions and limitations may apply in the event that the request is accepted and it is possible that the Scheme will decide to provide no benefit.

How does my child join?

We can send you an email link to join from home. Alternatively we can set up the Direct Debit at reception if you have your bank details. It takes just a few minutes to complete an online application.
